Deborah,

Thank you very much for the email and IEEE's support of the legislation. I will certainly keep you informed as to when the Senator introduces the bill and, hopefully, its progress.

Sincerely,

Hi matt--sorry it has taken so long to get back to you..

IEEE-USA supports the intentions of the Snowe bill and you are welcome to identify us as a supporter of the bill. We hope that the emphasis in the bill to increase the technical capabilities within the FCC, and especially in the offices of the Commissioners, will bring about greater technical capacity to the FCC.

If you have any questions or need anything else please let me know!!
