

DONALD G. DUNN

Donald G. Dunn is employed by Aramco Services Company a subsidiary of Saudi Aramco as a Consulting Engineer in the Technical Services Group. He is currently a senior member of the IEEE and the ISA. He has been active in standards development, peer review of technical papers, paper authorship and presentations with the IEEE, API and ISA in one form or another since 1994. He has authored and co-authored numerous papers for the IEEE, ISA as well as for other industry technical organizations. In addition, Mr. Dunn has been an invited presenter at various industry forums. He is a member of the IEEE Standards Association and ISA Standards & Practices Board. He currently chairs two industry standards working groups IEEE P1714 and ISA SP18 in addition to being an active participant on many other working groups. Mr. Dunn has been an active member within IAS PCIC (1994) and now serves as the IAS Education Department Chairman. Since 1999, he has actively volunteered on the Houston Section Executive Committee and was Chairman in 2001-2002 and again in 2006. In addition, he has had the opportunity to serve in numerous capacities on the Region 5 Executive Committee since 2002 and other IEEE board positions since 2004.
