

CLARENCE L. (LEE) STOGNER, P.M.P.

Lee Stogner received the BSEE, Clemson University and Masters of Engineering, University of South Carolina. Lee is a Director of Business Development with Milliken & Company, where he is responsible for the marketing / sales of the Milliken Performance Solutions Group. Lee has over 30 years of design, consulting, project management and sales experience across a range of industries. Throughout his working career, Lee has been active in both local and national IEEE activities. A key goal of his IEEE work has been to promote Professional Activities as an important part of an engineer's life long career. Lee has also been active in promoting the use of the Internet by engineers through his presentations and short courses. He is a past IEEE-USA Vice President for Professional Activities and a past President of the South Carolina Council of Engineering Societies. Lee is also certified in Project Management by the Project Management Institute.

MEMBERSHIP PROMOTION

Membership Promotion is a key activity within every Section, Chapter and Branch. This session will detail a 12 month plan that will promote the development of new members and at the same time improve the retention of existing members.
