

BRADFORD ROBERTS

Brad Roberts is the Power Quality Systems Director for the Power Quality Products Division of S&C Electric Company which specializes in low and medium voltage power protection systems. He is chairman of the Electricity Storage Association. Mr. Roberts has over 35 years experience in the design and operation of critical power systems, ranging from single phase UPS systems to medium voltage applications. He is a senior member of IEEE and has published over 40 technical papers and journal articles on critical power system design and technology.

Mr. Roberts is a registered professional engineer and has a BSEE (Bachelor of Science in Electrical Engineering) degree from the University of Florida. He is Past-Chairman of the IEEE Power Engineering Society's Emerging Technologies Committee. Mr. Roberts is the 2004 recipient of the John Mungenast International Power Quality Award.
