

DAVID J. HILL

Dr. David J. Hill is deputy laboratory director for Science & Technology. An internationally acknowledged expert on nuclear reactor and fuel cycle issues, Dr. Hill has extensive experience in the area of international nuclear matters, working with the countries of both Western Europe and the former Soviet Union. He joined Idaho National Laboratory from Oak Ridge National Laboratory, where he was associate laboratory director, Energy and Engineering Sciences. Previously, Dr. Hill served at Argonne National Laboratory, where he was deputy associate laboratory director of Engineering Research, having held positions as director of the divisions of Reactor Analysis and Engineering, Reactor Engineering, and the International Nuclear Safety Center. He holds a bachelor's degree in mathematics and a doctorate in mathematical physics from Imperial College, London University, and an MBA from the University of Chicago.
