

## **DON C. BRAMLETT**

Don is a Senior member of IEEE, and has been an IEEE member for 42 years. Don has conducted workshops on Leadership Development since 2000 for IEEE.

Don has been actively involved as a volunteer with the Southeastern Michigan Section of IEEE for 25 years in various positions, including all the Section officer positions; he is presently the Section Advisor and still is intimately involved with the operation of the Section and its pre-college education programs.

Don has been actively involved as a volunteer with Region 4 of IEEE for 17 years in several roles; he is presently the Region Director for 2009 and 2010.

Don has also served as the Finance Chair for six (6) IEEE Technical Society and Region conferences.

Don received a B.S. in Electrical Engineering and a MBA, in 1973 and 1981 respectively, both from the University of Detroit. He is a licensed Professional Engineer in the state of Michigan.

Don has spent his entire 36 year professional engineering career in the energy industry, both in the natural gas industry with Michigan Consolidated Gas and Michigan Wisconsin Pipeline Company, and then in the nuclear power and fossil power generation segments of the electric utility industry with Detroit Edison. Don is presently a Project Engineer in Fossil Power Generation with the Detroit Edison Company, a major subsidiary of DTE Energy.

## **EFFECTIVE POWERPOINT PRESENTATIONS**

The good, the bad and the creative: The intent is to provide some suggestions and tools to make your POWERPOINT presentations more interesting to present, of greater understanding and visual value to the audiences, and entertaining, if so desired. There will be plenty of time for open discussion and sharing of experiences.
