Dear ECS team,

I just want to update you about some Career Activities in Region 4

1. "The Job Workplace and How Can IEEE Help you with Your Career", Presentation at 125th Anniversary, Calumet Section, Gary, Indiana, Jan-26-2010

I was supposed to be the Keynote Speaker, but I could not make it because of some last minute work related call. However, I have coordinated with Bob Parro (R4 Central Arrear Chair) and Don Bramlett (R4 Director) to present it and they did an excellent job (Team work)

2. "Project Management Workshop" Career SPAC at Central Michigan University, Mt. Pleasant, Michigan, Jan-30-2010

I did a half day workshop for the students and I really enjoyed it. I had about 50 people attending the event in a very cold day in Mt. Pleasant (I drove from Detroit and the temperature was around -10 F.) See evaluation from the organizers in the attached email. Don Bramlett (Region 4 Director) did the second half (Leadership Skills).

3. My next event in Region 4 is a half day Career Workshop in Cedar Rapids, Iowa, March-27-2010.

I will be the speaker for the workshop and these are the workshop outlines.

- 8:00-9:00 Resume Development
- 9:00-10:00 Job Interview
- 10:00-10:15 Break
- 10:15-11:00 Effective Writing Skills
- 11:00-11:45 Today's Engineering Workspace and How can IEEE Help
- 11:45-12:00 Discussion

Please let me know if I can be of any help to the other Regions.

Regards,

Tarek

Dear Dr. Lahdhiri,

I sincerely appreciate you taking the time to visit CMU on a weekend and delivering a presentation

to our students.

After the event, several students informed that they enjoyed your presentation. Especially, you engaging them and make the session interactive.

We look forward to seeing you more at CMU in the near future.

Also, thank you for your kind words of support towards my service activities at CMU. I will send you a summary of my recent activities very soon.

If there is anything I can do to help, please do not hesitate to let me know.

Kind Regards,
Kumar
